

byron
bibs

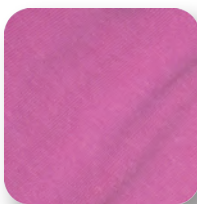

Designed and handmade in the Byron Bay hinterland, northern nsw, our jaunty teething bandanas are colourful and practical. Fastened with a single snap and fully machine washable, these little numbers are guaranteed to turn heads while keeping bubs dry, comfortable and stylish.

Our products are made of cotton/poly knits—an easy-care fabric, well suited for protecting baby and clothes from teething dribbles and reflux. Micro fibres trap moisture, stopping wetness soaking through to clothes and skin, resulting in less clothing changes and less washing!

Available in two sizes: size 1 = 0-12 months; and size 2 =12-24 months, our bandanas are packaged individually or in double packs. A double pack consists of one printed and one plred bandana. The printed bandanas (overpage) list the coordinating plain bandana colour.
